INTRODUCING JAPANESE FOODS "SHODOSHIMA RAMEN"

Shodoshima is the second largest island in the Seto Inland Sea Kagawa prefecture.

Soup made out of Japanese anchovy and chicken feet and some vegetables cooked for 13 hours. The soup is thick and intense.

The key ingredients are "Shodoshima soy sauce" and "sardines".

The noodle is like soba. It's the most different point from normal noodle. Your experience may be first experience.

Another hit with this shop is the free policy. You want another serving of noodle, you can eat as much as you like.
